# BUILT FOR YOUR LIFE ON THE *Gulf*

Life is a little more relaxed here on the Gulf Coast. Sunrises are savored, friendships are celebrated and time is measured by the gentle rhythm of the waves washing against the shore. And, while the rest of the world deals with traffic jams and deadlines, we're more concerned with golden sands and island time.

Even though it's less than an hour away from all the amenities of Houston, Galveston is worlds away from the stress of big-city life. From morning walks on still-sleepy beaches to fresh-caught seafood dinners with incomparable ocean views, there are countless reasons to call Galveston home, whether for the weekend or a lifetime.

COMMITTED  
TO

*Craftsmanship*

McDaniel builds more than homes. We build relationships with our customers that last long after the final nail has been hammered in place. Our dedicated staff of long-time employees is committed to providing exceptional service both in building your home and maintaining it for years to come.

Our in-house construction team ensures that your dream home becomes a reality and, even after you've moved in, we're still on call. Whether you need repainting, routine maintenance or are ready to remodel, McDaniel will be with you every step of the way.

U.S. Small Business  
Administration

2010 Award Winner

McDaniel Construction was recognized in 2010 with the Phoenix Award for Small Business Disaster Recovery following Hurricane Ike in 2008.

# A TRADITION OF *Quality*

**M**cDaniel Construction is a family-owned, Galveston-based business with more than 80 years' combined experience in the construction field. Because of our continual focus on providing the highest level of service possible, we've earned a positive reputation for our knowledge, integrity and commitment to excellence.

We choose to work on only a select number of homes each year, so we can guarantee that the proper time and attention will be given to each phase of the project and that you'll receive unparalleled customer service throughout the entire process. From start to finish, we strive to be prompt, punctual and professional while we build you the home of your dreams.

Galveston has been our home for more than 35 years and with current construction projects in prestigious areas such as Beachtown, Palisade Palms and the island's east end, we look forward to living and working here for many more years to come.

# CONSTRUCTED FOR THE COAST

Coastal living may be easy on the soul, but it can create unique challenges for a home. Salt air, shifting sands and steady — and sometimes strong — ocean breezes are conditions that few inland residences face. That's why it's vital to choose a builder with vast experience constructing high-end homes for coastal communities.

For the past 35 years, McDaniel Construction has built homes that stand up to Galveston's coastal climate. In fact, as one of the approved homebuilders for Beachtown, McDaniel had already completed homes in the exclusive East End community when Hurricane Ike blew through in 2008. While many other island structures were devastated, the McDaniel-built residences, constructed with reinforced concrete pilings and steel framing, weathered the storm exceptionally well, proving that McDaniel builds more than just homes — we build peace of mind.

# TRUST THE MCDANIEL DIFFERENCE

McDaniel Construction is more than a homebuilder, we're your partner in conceiving, creating and maintaining the home of your dreams.

- We understand the unique challenges of a seaside environment. Our homes are built to weather the storms and stand the test of time.
- We live and work in Galveston and have been a trusted part of the community for over 35 years.
- McDaniel is a family-owned company. Our full-time staff is committed to meeting your needs and exceeding your expectations.
- We offer complete residential service, including construction, maintenance and remodeling.

*All projects featured were designed by Michael G. Imber Architects.*
